An Evidence-based Approach to World-Class Education

Guest Speaker: David Laws, Executive Chairman, Education Policy Institute
Keynote Theatre

In the opening keynote session, the inspirational David Laws explains why he believes government needs to apply more hard evidence (and less ideology) when making key decisions about the future of education in the UK.

Using rigorous research and a huge repository of data, David and the Education Policy Institute are developing a clear and detailed vision of how a world-class educational environment should function if we want to deliver the best possible outcomes for young people of all backgrounds.

Workshop E) Priorities in Education & Inspection: Reflections from an Ofsted Perspective

Mark Cole, Her Majesty's Inspector South East Region, Ofsted

Keynote Theatre

This illuminating session aims to update school leadership teams on the current priorities for schools in the South East of England - and what Ofsted is doing to support improvement through its inspections. HMI Mark Cole will discuss the ongoing evolution of Ofsted's inspection framework, together with recent changes and new developments in the inspectorate and the impact these have had on the department's work

Workshop F) Transforming Well-Being in Schools Supporting Individual Resilience and Enhancing Performance

Barbi Goulding Parr, Education Support Partnership

Workshop Room 1

People Who Feel Good Perform Well (Charles Handy).

Schools are facing unprecedented cuts in funding, the seemingly unceasing pressure of workload and major issues in recruitment and retention. Schools that retain their effective staff and attract good candidates, whilst also supporting a culture of staff well-being and promoting strategies to support individual staff, are far more likely to achieve their goals. Barbi Goulding-Parr provides some valuable insights into how the Education Support Partnership is helping schools and individual members of staff to survive and more importantly to thrive.

Workshop G) Practice, Pause, Perfect - Using a Virtual Simulation for Teacher CPD

Tim Nicholls, Head of Digital Learning, connect

Workshop Room 2

This workshop will demonstrate how a live computer simulation can allow teachers to practice essential skills for CPD. It will demonstrate how a virtual environment can be effective for SEN Awareness Training, NQT practice, perfecting lessons and undertaking difficult conversations such as performance reviews or parent/teacher meetings.
